## FOREWORD

Through this school term, important school events have happened. We have attempted to capture most of these events and played them in words and pictures in this year's yearbook. All have played a part in the making of these memorable occasions featured in this book.

We hope that you, the students will cherish these school memories as have so many of our alumni who have moved on to other fields of endeavor.

Miss Maude L. Wyche

Dedication

"If you have knowledge, let others light their candles at it." These immortal words by Thomas Fuller very aptly apply to the one to whom we pause to say, "Now Is The Hour to dedicate our yearbook to you." The person to whom we refer is Miss Maude L. Wyche.

Miss Wyche must have been a staunch disciple of the great Booker T. Washington who said, "Cast down your bucket where you are," for she has done all of her teaching in this, her native country. Miss Wyche has done much to mold the minds and characters of many of the fine boys and girls in Dinwiddie. Most of the students whom she has touched have gone into the world to become outstanding citizens who have made worthwhile contributions to the various communities which they serve.

We feel the words of an anonymous poet are quite appropriate to express our sentiments of the invaluable contributions she has made to the educational program in Dinwiddie County.

A builder builded a temple,
He wrought it with grace and skill;
Pillars and groins and arches
All fashioned to work his will.
Men said, As they saw its beauty,
"It shall never know decay;

Great is thy skill, O Builder!
Thy fame shall endure for aye."

A Teacher builded a temple,
With loving and infinite care,
Planning each arch with patience,
Laying each stone with prayer.
None praised her unceasing efforts,
None knew of her wondering plan,
For the temple the Teacher builded,
Was unseen by the eyes of man.

Gone is the Builder's temple
Crumpled into the dust;
Low lies each stately pillar,
Food for consuming rust.
But the temple the Teacher builded
Will last while the ages roll,
For that beautiful unseen temple,
Was a child's immortal soul.

With genuine affection and appreciation for her [illegible] long and devoted service to the Dinwiddie School system, the 1968 SOUTHSIDIAN is dedicated to Miss Maude L. Wyche.

Last year the Juniors of Southside High were very excited about the big job of decorating for the prom. Among those that were watchers instead of workers are FRONT ROW. # ADMINISTRATION & FACULTY

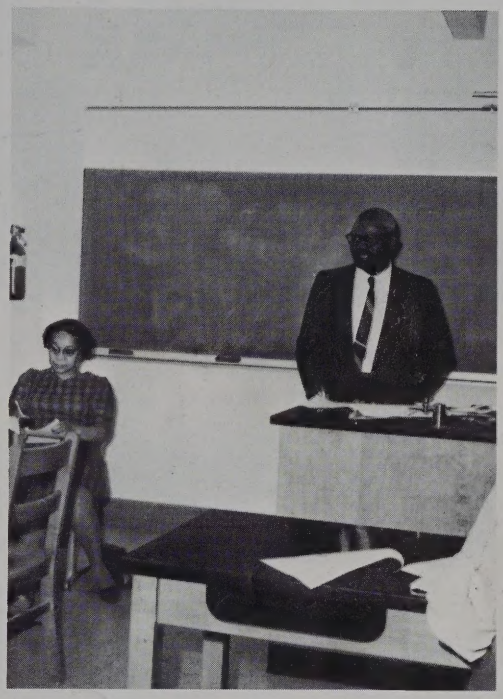
PRINCIPAL'S MESSAGE

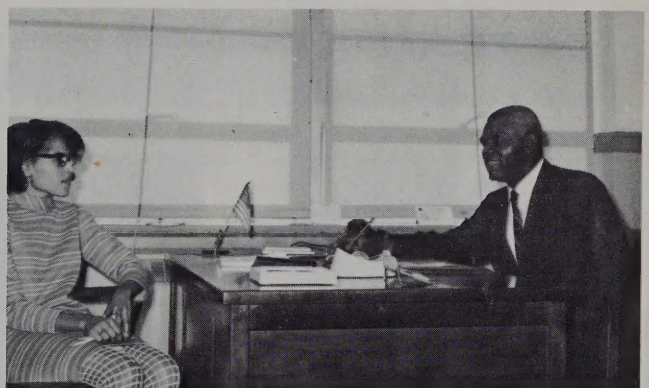
We are living in a great age--an age of many changes for the betterment of mankind. It is quite probable that each member of the graduating Class of 1968 is thinking more soberly of future plans and of taking advantage of the many educational and employment opportunities now available. Those students left among us for another year or so may be thinking of their future plans and ways of making our school a better place for their educational development.

Each year has brought some new additions to our school program--the Football Team, a Uniformed Band, and a Supervisor of Secondary Schools to help our teaching staff with the improvement of our learning situations. I sincerely hope and anticipate improvement in our curriculum in the years ahead.

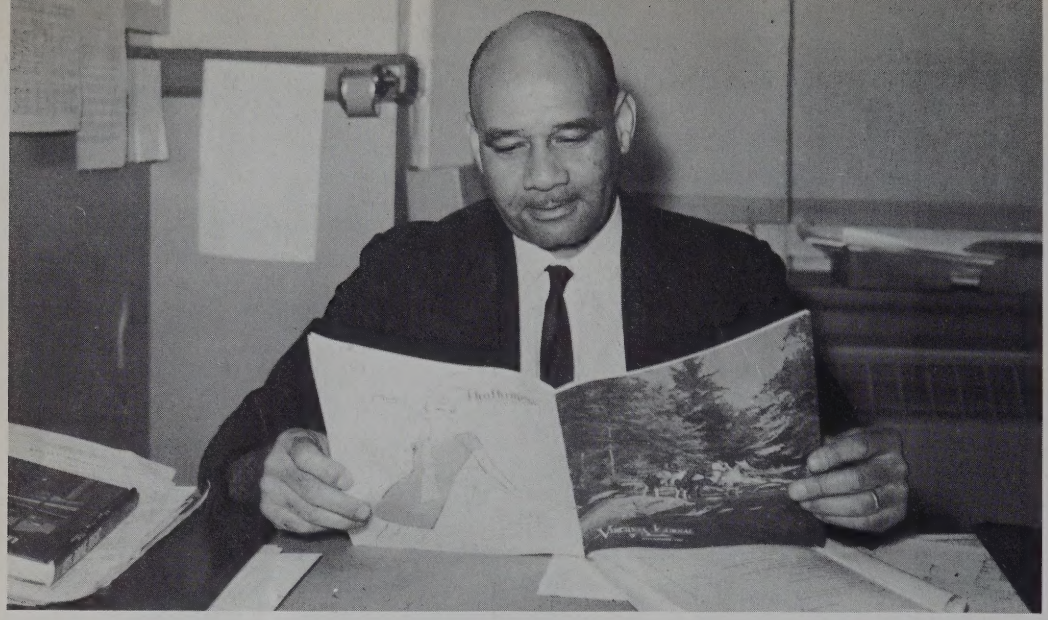
I congratulate the Yearbook Staff for the commendable way it is reporting our status and activities. If all have faith and work to the best of their potentials, "The best year is yet to come."

The Principal, Mrs. Walker, and Mrs. Claiborne are assembled in the library with Mr. Powell, Supervisor of Student Teaching at Virginia State College, discussing the arrival of student teachers. At the right the principal is shown presiding at a faculty meeting. Mr. and Mrs. Lee enjoy dancing at the Junior Senior prom.





The Principal is in conference with a student. He is advising her about her course of study.



THE ASSISTANT PRINCIPAL MESSAGE

This is my second year as Assistant Principal of Southside High School. I feel th that the experience and knowledge that I have gained are invaluable. It has been a most delightful pleasure enjoying the feeling that I have played a part in the development of such a wonderful group of children.

I have watched many eighth graders enter our school and I have watched many of these same students, as seniors, march down the aisle in graduation attire. My first observance of Dinwiddie Graduates was in 1950, my first year as a teacher. You can but count the number that I have watched walk out of these friendly doors and take their place in the adult world. Southside is losing a most energetic group but Southside's loss will be the world's gain. May I extend to those graduating my best wishes and sincere hopes for a most prosperous future.

May I say to those students remaining with us: "Vincit Que Se Vincit."

William Morgan

## Class Song

Tune of Climb Every Mountain

Dear, Southside High, we will miss you so.
Our love, our heart from head to toe.
As we leave the school we love so dear
We shall always remember the moments we shared here.
We know some-day we will be back
To thank those who helped us across the track.
Our teachers' encouragement inspired us to see
How essential a good education would be.
Although we will leave going a different way,
We shall return for a reunion someday.
We, the Seniors, will always cherish our dreams, sorrows and dates.
And hope you will never forget the class of "68".
Seniors never forget our motto;
"In front of us lies a hill, let us all climb".
We have tried to strive to do this so;
We will accomplish this because we are all sublime.

Bettie Claiborne

## Class Poem

Southside High you are so dear
Faithfully we've come to you for the past five years.
Bringing with us books, paper, and pen,
Doing work that never ceased to end.
There are rules that we wish the teachers could ban
But we knew that soon we'd have our diplomas in our hand.
We come to you to work hard for our pay,
Which we hope to receive on graduation day.
Within your walls we've made friends,
Some of these friendships will never end.
Our beautiful school colors of gold and blue
Will in our hearts remain forever true.
We have studied hard and done our part.
Just your being here gave us our start.
The memory of your halls will always remain in our hearts
Because whenever we walked them, from our friends we were not far apart.
Within you we shared much hardship and sorrow
But courageously we worked toward tomorrow,
So that we'd go out and start our careers,
Keeping the memory of you with us for years and years.

## CLASS PROPHECY

The class of "68" has gathered to hear the prophecies foretold for them by the "Maharaja". He gazes into his crystal ball and begins. He tells us that he sees these spectacular events of the future.

Doris Bland, Vernell Davis, Yvonne Price, and Della Johnson are the assistant Directors of various sections of the Chain of banks in Virginia, Washington, California and Hawaii.

Hey! Who is this standing at the White House door? Yvette Gooden, Agricultural Economist, working on the President's Council of Agriculture. Morris Arrington is an outstanding comedian for the President.

Floyd Wynn is the Director of the Virginia Electric and Power Company. Linel Ruffin, James Goodwyn, Eldrige Coleman, Jerome Key, and James Patterson are now owners of Mechanics Shops.

Look! at that boss hair style, Evelyn Taylor, Sylvia Thomas, and Rosa Gee are famous hair stylists, working with the famous Pierre in Paris. They style Mamie Tucker's and Janice Tucker's hair. Hermena Stewart is their fashion consultant.

Zenobia Moody is now teaching Kindergarten. Shirley Williams is a Teacher's Aid. Talmage Wyatt has returned to his former school, teaching Agriculture. Ronald Edwards teaches Law and Larry Short Teaches Physical Education. Bettie Claiborne teaches Business Education at Howard University and Edna Roney teaches Special Education.

Up in the sky! It's a bird, It's a plane. Yes, It's James Massengburg piloting for Edward Crawley, Admiral of the U.S. Navy. Barbara Wilson, a stewardess, is now greeting passengers in Honolulu.

Brenda Ellis is entertaining at the Metropolitan Opera House in New York. Delano Dickens now plays with the New York Yankees. Kevin Bonner plays with San Francisco feeding the ball to Kick to Barry. Charles Tucker and Jerome Rivers play as half-backs with the Green Packers.

Oh! Now the view is no longer clear so we are all left wondering what will happen later in our lives.

GOOD GAS SERVICE MAKES WARM FRIENDS

Although now you are graduates, you can do a great service for the rest of us, if you never cease to be students--looking for opportunities and ways to cherish the American system of free enterprise and to improve the American way of life. You can be thankful for free schools in a country where you can worship and work and think and talk as you please. This is your heritage from the people who built America.

THE FUTURE is pretty largely in your hands--you must be vigilant and active to combat the evils of socialism, government domination of private industry, and all the "isms" that destroy democracy. We depend upon you to do a good job.

## ELECTRICITY: MUSCLE OF INDUSTRY

Behind the great industrial might of America stands a "giant workman" — electric energy. It would require the muscle energy of **70 men** working **40 hours a week** for **one whole year** to equal 10,000 kilowatt hours of electricity — less than the average annual consumption of two Vepco residential customers. Yes, electricity is the "muscle" behind our power and prosperity.
